Dear Cousins:

We, as the only Hey-family received your letter and have been very glad about.

For your information I enclose a genealogical table of the Heys and a photo of our house. I hope you will be satisfied with it.

~~all the Heys have been farmers and~~
were living in quite a good situation during normal times. Now we are suffering and being without the most necessary things as all people do here. I lost my husband, Johannes Hey, in the war 1914-1918, my two children Ida and Ernst, my son-in-law and my brother in the war 1939-1945. Now I am living in the Hey-house with my daughter-in-law and my two grandchildren Inge Herkammer and Gerhard Hey,

the last of the Hey-family and the heir
of the name of Hey.

We would be very glad, to hear from
you and your family and what the names
of your father and grandfathers were.

Many greetings to all Heys

Yours truly
Emilie Hey Wiese
